Summary

Directs, administers, and coordinates the internal operational activities of the organization in accordance with policies, goals, and objectives established by the Chief Executive Officer and the Board of Directors. Leads and directs the following functions and/or business units: operations, logistics and human resources. Assists the CEO in the development of organization policies and goals that cover operations, personnel, financial performance, and growth of the functions and/or business units mentioned above.

His/her responsibilities include managing both the operations process, embracing design, planning, control, performance improvement, and operations strategy. Indirect responsibilities include interacting with the team in other functional areas within the company whose roles have an impact on operations.

Responsibilities

- Directs all the physical operations of the company. These activities include but are not limited to; trucks and logistics follow up, pick-up and delivery of produce from farmers, lead distribution team to the market as directed by sales, time management on handling the produce and all related works.
- Participates in the development and preparation of short-term and long-range plans and budgets based upon broad organization goals and objectives. Recommends their adoption to the Chief Executive Officer.
- Directs the development and installation of procedures and controls, to promote communication and adequate information flow, and thereby solidify management control and direction of the enterprise.
- Develops and establishes operating policies consistent with the CEO's broad policies and objectives and insures their adequate execution. Appraises and evaluates the results of overall operations regularly and systematically, and reports these results to the CEO
- Directs the development and establishment of adequate and equitable personnel policies throughout the organization, including compensation policies and employee benefit plans. Ensures that the interests and welfare of employees as individuals are preserved and protected.
- Oversee, direct, and organize the work of the operations teams.
- Oversee the creation and implementation of occupational health and safety standards within the workplace.
- Promote a culture of high performance and continuous improvement that values learning and a commitment to quality.
- Ensure staff members receive timely and appropriate training and development.
- Lead employees to encourage maximum performance and dedication
- Design and implement business strategies, plans and procedures

- Assist CEO in fundraising ventures
- Write and submit reports to the CEO in all matters of importance
- Participate in expansion activities (investments, acquisitions, corporate alliances etc.)
- Manage relationships with suppliers mainly smallholder farmers.
