Summary

The Method & Maritime Security Specialist(s) are responsible for ensuring that the Marine Tanks Terminal (MTT), Jetty & Load Out Facility (LOF) at Chongoleani, Tanga is fully compliant with International Ship and Port Security (ISPS) regulations prior to commencing crude oil export operations.

The Method & Maritime Security Specialist(s) are also responsible for monitoring the security threat & risk environment in conjunction with Tanga Port Authorities, Tanzanian Marine Police and Government Security Forces to ensure the effective deployment and integration of security measures.

Responsibilities

- To be responsible for ensuring that the Port Facility Security Assessment (to be conducted by TASAC) and Terminal Facility Security Plan for the Marine Tank Terminal in Chongoleani, Tanga are prepared and submitted to the Tanzanian authorities for final approval to meet International Ship and Port Security (ISPS) requirements.
- To oversee and deliver the integration of Maritime Security operations between land and sea assets whilst working in conjunction with the Tanga Port Authorities, Tanzanian Marine Police and Government Security Forces.
- To provide Maritime Counter Terrorism advice and training for all parties.
- Ensure 24/7 Maritime Security cover for anchorages, shipping channels and Load Out Facility (LOF).
- Deliver Maritime Security Training/drills schedules and programmes to meet ISPS standards with Private Security Providers (PSPs) and Government Security Forces (GSF).
- Carry out 6 monthly audits of the MTT, Jetty and LOF to ensure continued compliance with ISPS standards.
- Carry out vulnerability assessments of the MTT, Jetty, LOF and offshore Maritime assets.
- Assess maritime contractor's performance, locations and liaison capabilities.
- Monitor International, National laws and Maritime regulations to ensure best practice.
- Participate in Maritime Emergency Response and Crisis Management actions.
- Participate in all GSF training, drills and exercises.
- Develop Maritime Security Plans plus security briefings in conjunction with the Maritime Security Contractor.

Education & Qualifications

- Port Facility Security Officer (PFSO)
- Ship Security Officer
- Maritime Counter Terrorism
- Experience in security / safety / port / maritime operations
- Strong knowledge of port operations

- Risk assessment and analysis
- Development and maintenance of security plans
