Summary

The Safety Officer ensures safe, compliant vehicle operations by conducting inspections, training drivers, and overseeing risk assessments. Manages incident investigations, maintain safety records, and ensure fleet vehicles have essential safety equipment. The officer ensures protection to both personnel and cargo, supporting efficient logistics operations.

Responsibilities

- Conduct fleet risk assessments and implement safety protocols.
- Provide driver safety training and education.
- Manage incident reporting, investigation, and corrective actions.
- Ensure vehicles are equipped with essential safety equipment.
- Maintain safety records and compliance documentation.
- Promote a safety-first culture among drivers and fleet staff.
- Monitor regulatory compliance and prepare safety reports.

Characteristics

- Knowledge of safety regulations and fleet compliance.
- Skilled in risk assessment and mitigation for fleet operations.
- Strong training, communication, and incident investigation abilities.
- Detail-oriented, with excellent problem-solving and record-keeping skills.
- Leadership in promoting a safety culture and proactive reporting.
- Proficient with fleet management software and safety technology.
- Adaptable to regulatory changes, committed to continuous improvement.
